DETAILED ACTION

Information Disclosure Statement

The information referred to in the Applicant's information disclosure statement has been considered.

Specification

Applicant's substitute specification has been entered.

Preliminary Amendment

Applicant's preliminary amendments have been entered.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 29 and 37 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 29 recites the limitation "the cable" in line 9. There is insufficient antecedent basis for this limitation in the claim.

Line 4 of claim 37 is grammatically vague. Note the recitation "generally horizontal and an stow position".

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Claims 21, 23 and 24 are rejected under 35 U.S.C. 102(e) as being anticipated by Yamada et al (7040702). Note the seat back (11), seat base (14), leg assembly (17), leg detent (48), cable (43), and mechanism (38).

Claim 28 is rejected under 35 U.S.C. 102(e) as being anticipated by Yamada et al (7040702). Note the seat back (11), seat base (14), leg assembly (17), and cable (43).

Claim 29, as best understood with the above cited indefiniteness, is rejected under 35 U.S.C. 102(e) as being anticipated by Yamada et al (7040702). Note the seat back (11), seat base (14), leg assembly (17), and break-away mechanism (18).

Claim 33 is rejected under 35 U.S.C. 102(e) as being anticipated by Yamada et al (7040702). Note the seat back (11), seat base (14), leg (17), and cable (43).

Allowable Subject Matter

Claims 22 and 34-36 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 37 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 25-27 and 30-32 are allowed.
